GUIDELINES FOR EXTENDED ABSTRACT

INTRODUCTION

(Title Times New Roman, 12 font size, bold). Current literature regarding the work subject should be examined and the differences of the said work from the past, similar works should be presented clearly in the introduction section.

METHODOLOGY

The methodology must be clearly stated and described in sufficient detail or with sufficient references. The author shall explain the research question, describe the research framework, and the methods applied in detail. It should be furthermore highlighted why the research question is relevant to theory and practice, and why the chosen method(s) are suited for the problem.

RESULT

Presentation of the result obtained. If possible, use descriptive figures or tables rather than explain in text. Do not discuss or interpret the results at this stage.

DISCUSSION

Discuss the results. Put your results in perspective by comparing to other studies or generally accepted knowledge in the field. Criticize your own method and results, for example, with respect to the simplifications made.

CONCLUSIONS

Conclusions should include (1) the principles and generalizations inferred from the results, (2) any exceptions, problems or limitations of the work, (3) theoretical and/or practical implications of the work, and (5) conclusions drawn and recommendations.

REFERENCES

References should be cited within your extended abstract using APA (American Psychological Association) style. Examples of reference formats are given here.
